

TREGOE EDUCATION FORUM

YourTake.org is a product of the work of The Tregoe Education Forum, a non-profit organization dedicated to helping K-12 educational leaders and students resolve complex and difficult issues through proven problem-solving and decision-making strategies. These strategies, adapted from those developed by Kepner-Tregoe, an international management consulting firm, have been taught to more than 10 million managers and workers in 44 countries and in 14 languages.

Tregoe Education Forum, Inc.
PO Box 289, Research Rd.
Princeton, NJ 08542

Developing skills for collaborative
problem solving and independent thinking.

Features and Benefits

The site features:

- Our dynamic, interactive **SCAN** online learning tool that:
 - Engages teens in developing their own “take” on a wide variety of issues
 - Provides an online vehicle for collaborative learning and thoughtful debate
 - Allows you to track discussions and analysis
 - Encourages deeper understanding of complex issues through consideration of alternative perspectives and viewpoints
 - Uses a proven problem solving methodology which encourages effective: questioning, collaboration, critical thinking
 - Addresses many state standards related to problem solving and decision making
- Lessons for use with SCAN tool written by and for middle and high school teachers and counselors for:
 - Social studies
 - Life/Problem-solving skills applicable to: guidance, advisory, transition, conflict resolution, health, violence prevention, character education, and other related electives.
- Blog—a place for students to share “their take” in discussing and exploring real-life current events, decisions and dilemmas that affect them
- Informational areas for: students, educators, parents
- Self-assessments to help pinpoint barriers to effective problem solving
- Free mode—allows educators to test out SCAN with their students for free
